

St Ambrose Preparatory School

Where Individual Attention Nurtures Academic Excellence

Ambrose Accolades - Friday 26th June 2026

Message from Ms Heron

We have enjoyed a very busy and exciting couple of weeks, filled with enriching trips, special events, and memorable experiences. Despite the unprecedented hot weather, the children have embraced every opportunity with enthusiasm and have thoroughly enjoyed all that has been on offer.

We were delighted to celebrate the First Holy Communion of 22 pupils from Prep 1 to Prep 3 alongside our parish community. It was a beautiful and prayerful celebration, filled with joy, reverence, and thanksgiving. It was especially wonderful to see so many of our pupils taking this important step on their faith journey, supported by their families, teachers, and parish members. We congratulate all the children on this special occasion and pray that they continue to grow in faith and love throughout their lives.

Prep 4 represented the school brilliantly at the annual Edmund Rice Awards at Runnymede St Edward's in Liverpool, where they presented alongside other schools within the network. Their powerful and thought-provoking work on homelessness, completed in support of the charity 'Don't Walk Past', was recognised and praised by all in attendance.

This has been followed by Enterprise Week, during which Prep 4 pupils have organised a variety of enjoyable activities for the rest of the school to help raise funds for their chosen charity.

Although the weather has presented some challenges this week, it certainly did not affect the quality of our Key Stage 1 and Key Stage 2 Summer Concerts.

Both performances showcased the incredible talents of our pupils, who impressed us with their confidence, musical ability, and enthusiasm. From a wide variety of instruments to beautiful singing, the concerts were a joy to watch.

I thoroughly enjoyed both performances and would like to extend my sincere thanks to Mrs Green for her dedication and commitment to developing the children's musical talents and fostering their love of music.

What's On

Fri 10th July – School closes at 12pm

Wed 2nd Sept - School reopens for Autumn term

Fri 18th Sept - Inset Day - school closed for pupils

Latest News

Our pupils have also enjoyed a range of exciting learning opportunities beyond the classroom over the past couple of weeks.

Infant 1 visited Manchester Airport, where they took part in the Runway Visitor Park experience and enjoyed the wonderful sunshine.

Infant 2 travelled further afield on their visit to the Fireground Museum, an experience that linked perfectly with their Victorian History topic.

All the children returned inspired, having learned something new and eager to incorporate their experiences into their writing.

Latest News

We also welcomed representatives from Greater Manchester Fire and Rescue Service, who delivered an important assembly to Key Stage 2 pupils on fire and water safety. The children listened attentively, asked insightful questions, and thoroughly enjoyed the opportunity to see a fire engine up close and experience a demonstration of the hose.

We are always grateful to parents who generously give their time to share their expertise with our pupils, Thank you to Mr Chow and Max his colleague, ably assisted by Brodie, who delivered a fascinating assembly about battery recycling. The presentation was both informative and engaging, and the children asked many thoughtful questions as they learned about the recycling process and its importance and we thank them for educating us on such an important topic.
